Work Experience

Juniper Networks, Inc.
Finance Intern & Legal Intern | August 2019 – May 2020
- Archived thousands of employee tax folders thru PDF format.
- Reviewed and inventoried records held in offsite storage against Juniper's document retention.
- Carried out ad-hoc tasks: setting up printing devices, crafting executive summaries; assisted student workers with end-of-year presentations, maintaining office decorations, and managing JFO's company content calendar from FY16 Q1-FY19 Q3.
- Managed stakeholder meetings and action plans, and supporting project managers with ongoing project-related activities
- Created HTML-based templates for department newsletter to facilitate quarterly publishing

VMware, Inc.
VMVault Fields Sales Portal Creator | August 2017 – May 2019
- Developed portal that gave comprehensive review of leader initiatives, vision/scope, and key accomplishments of Global Sales organizations: Partner OPs, Cloud Sale, and DELL Sales

Projects

SCU | #BroncoUp Discord Server Bot
- This is a 24/7 bot that I made for my Unofficial SCU 🦝🔊 | #BroncoUp Discord server to provide a comprehensive and effective social media platform for SCU students to utilize.
- Enabled bots to greet/send direct messages and further interact with new members.

College Admissions Index Calculators
- This is my DIY project that calculates your eligibility into respective undergraduate programs at SJSU and Cal Poly SLO!
